County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works

Frank Cunninham, Resident Engineer and Project Manager

Dave O'Halloran, Construction Division Manager

DATE: 2/2/2016

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the construction of Morretti Canyon Road Bridge Rehabilitation, San Luis Obispo. District 3.

RECOMMENDATION

It is recommended that the Board adopt the attached resolution, which authorizes the execution of a notice of completion and acceptance of the Construction of Morretti Canyon Road Bridge Rehabilitation (Contract No. 245R12B637).

DISCUSSION

Moretti Canyon Road is a local access street for residential and agricultural properties off Orcutt Road southeasterly of the City of San Luis Obispo. The project site is located at the end of the road.

This bridge rehabilitation project was defined under the Bridge Maintenance Plan which seeks to replace the existing timber weight-restricted bridges with precast/pre-stressed concrete slab bridges. The method of replacement allowed the existing abutments to remain in place and did not require disturbing the dry creek bed. The weight restriction of the previous wooden bridge has been removed, the bridge width increased and the bridge height raised slightly to accommodate increased storm water conveyance for the creek. New metal-beam-guard-rails were also added and the road regraded to improve functional operations and safety.

The contract was awarded to Granite Construction, Inc., under informal bidding procedures, on September 10, 2015 in the amount of \$160,707.00. The project was completed in December 2015 and was constructed within the allowable working days.

OTHER AGENCY INVOLVEMENT/IMPACT

Various utility companies have been contacted in consideration of project impacts to their facilities. The County Clerk formally processed the bid openings.

FINANCIAL CONSIDERATIONS

This project is a multi-year maintenance project budgeted in the Road Fund. The estimated project cost to rehabilitate Morretti Canyon Road Bridge is \$240,815. No budget adjustment is necessary.

A final report of actual project costs will be filed with the clerk after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

Please see Exhibit "A" for an estimated cost breakdown of the project.

RESULTS

By taking the recommended action, your Board will cause the legal notice of completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.
